## ASSEMBLE BLOCKS

Refer to the Block Diagram (*right*) for fabric placement.

Begin with the center 2" x 2" square (piece A). Sew a strip (piece B) to one side, pressing seam toward the new strip.

Add the next strip, pressing seam toward new strip. Continue adding for all 14 strips.

Repeat to make a total of (30) blocks. Each completed block should measure 10½" x 10½".

## ASSEMBLE QUILT

Arrange blocks as shown in Layout Diagram (*lower right*).

Sew blocks together into rows, pressing seams in rows 1, 3, and 5 to the left, and seams in rows 2, 4, and 6 to the right. Sew rows together, pressing seams as desired.

When adding borders, press all seams toward the inner border.

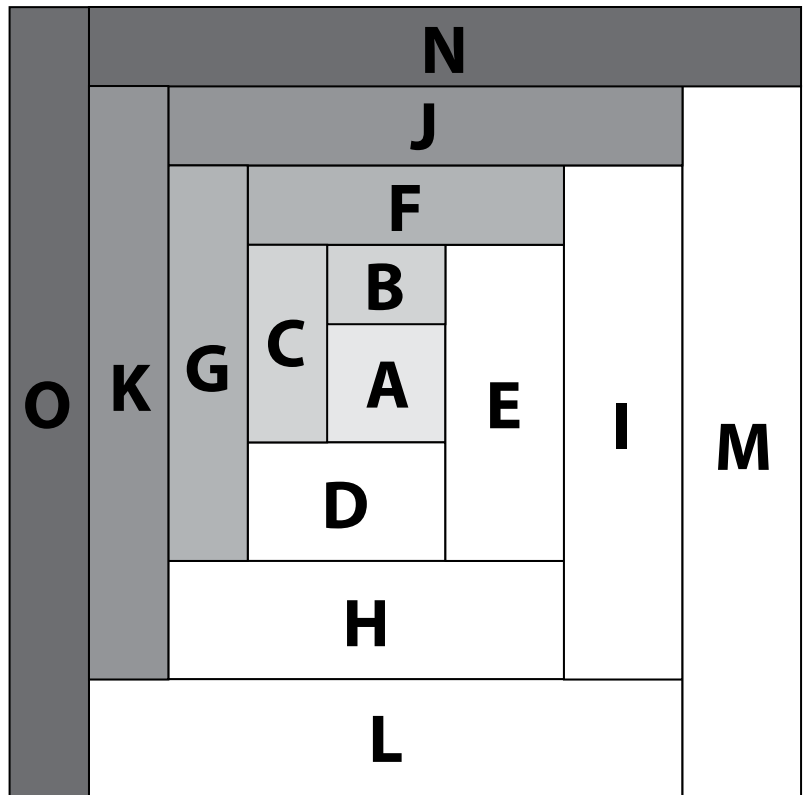

Piece all **inner border** strips into one continuous piece. Sew the left inner border **FIRST**, then trim to be even with the quilt. Sew right inner border, then trim to be even with the quilt. Repeat for the top and bottom inner borders.

Piece all **outer border** strips into one continuous piece. Sew left and right **outer borders FIRST**, then trim to be even with the quilt. Repeat for the top and bottom outer borders.

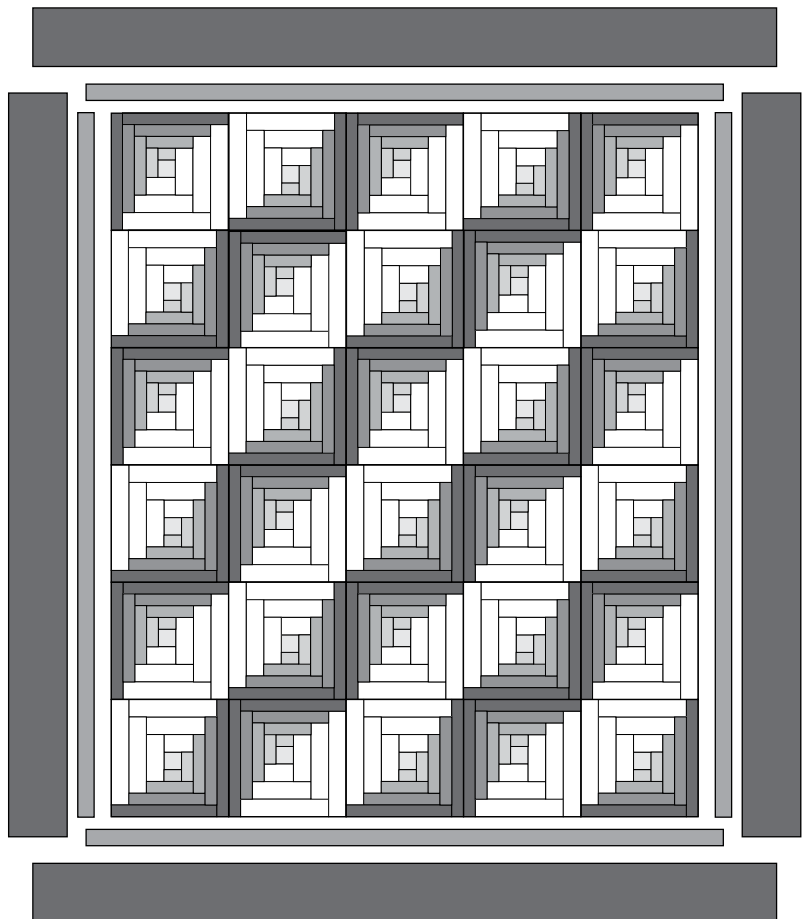

## FINISH

Layer quilt top, batting, and backing. Quilt as desired.

Sew **binding** together into one long strip. Fold binding in half lengthwise with wrong sides together and press. Sew the binding to the front side of the quilt starting at any side. Turn the binding over and hand stitch to the back of the quilt. Enjoy your finished quilt!
