** DISAPPEARING PINWHEELS **

**STEP 1:** Place (1) white 11” x 11” square on top of (1) 11” x 11” turquoise square, right sides together, and press. Sew around entire square with a ¼” seam allowance. **STEP 2:** Cut in half, twice, diagonally. **STEP 3:** Press open. You will now have (4) Half Square Triangles.
**STEP 4:** Rotate Half Square Triangles as shown. Sew together to create a Pinwheel Block, pressing seams toward dark fabric.

**STEP 5:** Trim block to 13½” × 13½”, measuring 6¾” from the center seam on all four sides. **STEP 6:** Cut Pinwheel Block into (9) 4½” × 4½” squares. **STEP 7:** Rotate blocks as shown. Sew squares back together, pressing seams as desired. Block will now measure 12½” × 12½”.

Repeat to make a total of (3) Disappearing Pinwheel Blocks. Set blocks aside for assembly at a later step.

Your diagram has two pages, a Reverse Diagram and an Assembly Diagram. When tracing shapes for fusible appliqué, use the Reverse Diagram.

Gently peel fusible paper from the back of each shape. Refer to Assembly Diagram to arrange shapes on background fabric. Appliqué in place using the method and stitch of your choice.

**ASSEMBLE TABLE RUNNER**

Sew blocks together in a row, pressing seams open. Sew one appliqué unit to each side as shown.

---

**FINISH TABLE RUNNER**

Layer top, batting, and backing. Quilt as desired.

Piece binding into one long strip. (We used a straight seam so we could match up the stripes.) Fold in half lengthwise, wrong sides together, and press. Line up raw edges of the binding with the raw edge of the table runner. Sew binding to the front side of the table runner, starting at any side. Turn the binding over and hand stitch to the back of the table runner.
