LETS SEW THE BLOCK! ________________

To begin, sew 3½" light blue dot rectangle to white square. Press seams away from center square. Continue around the square, making sure each log fits perfectly. If not, stop and see why!

- Are your cuts accurate?
- Do you need to adjust your seam allowance?

Refer to diagram frequently for placement.

After the first round, block should measure 6½" × 6½".

Unsure of where to start? Add to the side with the double seam.

After the second round, block should measure 9½" × 9½".

After the final round, block should measure 12½" × 12½".

BEGINNER QUILT

Kits for this project are available at ShabbyFabrics.com and include an exclusive Bonus Project.

If you've bought our kit, you need to keep your scraps and ShabbyShapes for the bonus project at the end.

Your shape this week is a butterfly and body.

In Part 8, we will put the quilt together!

See you then!
