MAKE PINWHEELS

If using Star Singles 2" Half Square Triangle Papers: use (2) papers, (2) white/silver swirl 6" squares, and (2) red/black check 6" squares; follow instructions included with papers to make a total of (16) Half Square Triangles (HST), and proceed to Step 7.

**STEP 1:** On the back of (1) white/silver swirl square, draw a line diagonally from corner to corner.

**STEP 2:** Layer this white/silver swirl square and one red/black check square, RST, making sure to line up the edges.

**STEP 3:** Sew ¼” on both sides of the drawn line.

**STEP 4:** Cut on the drawn line. Press toward red/black check.

**STEP 5:** You will now have two Half Square Triangles (HST).

**STEP 6:** Repeat Steps 1-5 to make two more HST. You will now have four HST.

**STEP 7:** Lay them out and sew them together as shown, pressing seams open.

**IMPORTANT:** Square each pinwheel block to 4” × 4” by measuring 2” from the center seam on all four sides.

Repeat these steps to make a total of (4) pinwheel blocks.

ASSEMBLE TABLE RUNNER

Arrange pinwheel blocks and black birdhouse squares in a row as shown. Sew together, two at a time, then all together. Press toward black birdhouse squares. Pinwheel row should measure 4” × 25”.

Sew a border stripe to top and bottom of pinwheel row. Press toward snowman stripe. Table runner should measure 14½” × 25”.

Sew inner sashing, outer sashing, and runner end together. Press toward runner end. Repeat to make a second sashing/end unit. Sew one sashing/end unit to each end of table runner. Press toward runner end.
Finish Table Runner
Layer table runner, batting, and backing. Quilt as desired.

**OPTIONAL:** You may wish to round the corners of the table runner ends by choosing your preferred look as pictured below. Follow the instructions included with the Creative Grids Curved Corner Ruler to cut a 1½” radius corner, 2” radius corner, or 3” radius corner. For a much more drastic curve, follow instructions on Table Runner Curve Diagram.
