**QUILT ASSEMBLY**

Assemble quilt as shown.

Please note that **Rows 2** and **4** have half-blocks at each end. Because of the additional vertical sashing, **Rows 2** and **4** will be wider than **Rows 1** and **3**.

Assemble **Rows 1 - 4**, pressing all seams toward vertical sashing. Sew a horizontal sashing strip beneath **Rows 1 - 3**, pressing seams toward the horizontal sashing strip. Trim to be even with the row.

**IMPORTANT:** The vertical sashing strips must be positioned visually beneath the center seam of the blocks above and below (as indicated by the red circle).

Sew **Row 1** to **Row 2**. Sew **Row 3** to **Row 4**. Sew Unit 1/2 to Unit 3/4.

Trim **Rows 2** and **4** to be even with the quilt.
ADD BORDERS
Add **inner borders** as shown, beginning with the sides, then the top and bottom. Press seams toward the inner border, then trim to be even with the quilt.

Add **outer borders** as shown, beginning with the sides, then the top and bottom. Press seams toward the inner border, then trim to be even with the quilt.

FINISH THE QUILT
Layer quilt top, batting, and backing. Quilt as desired.

Fold binding in half lengthwise with wrong sides together and press. Sew the binding to the front side of the quilt starting at any side. Turn the binding over and hand stitch to the back of the quilt.
