Gently peel fusible paper from the back of each shapes. Refer to **Assembly Diagram** to arrange shapes on background fabric.

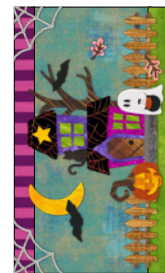

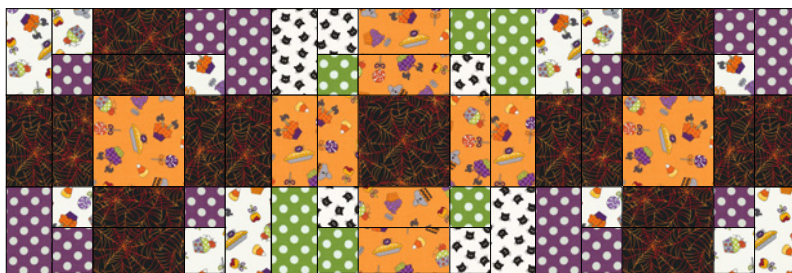

NOTE: Cobwebs will be sewn into outer sashing seam and binding; align these shapes with the raw edge of sashing and background.

FINISH TABLE RUNNER

Layer top, batting, and backing. Quilt as desired.

Piece binding into one long strip. (We used a straight seam so we could match up the stripes.) Fold in half lengthwise, wrong sides together, and press. Line up raw edges of the binding with the raw edge of the table runner. Sew binding to the front side of the table runner, starting at any side. Turn the binding over and hand stitch to the back of the table runner.
