CONSTRUCTION-----

Fold each of your **top** fabrics into triangles, wrong sides together, and press.

Layer **lining** (right side down), **batting**, and **backing** (right side up).

Refer to sample image (*above*). Place top fabrics on top, aligning raw edges, making sure to “weave” top fabrics. Pin well.

Sew around all four sides with a ¼" seam allowance. Trim corners. Turn right side out through the center of the interwoven pieces. Push out corners and press.
