

# Wood Beaded decor

Kits available at [ShabbyFabrics.com](https://ShabbyFabrics.com)  
while supplies last

## REQUIRED

- ☐ (50) wood beads  
(we used 25 large and 25 medium)
- ☐ (1) spool jute string (at least 15 yards)
- ☐ scissors  
(we recommend Karen Kay Buckley Perfect Scissors)
- ☐ tape  
(wrap a thin layer around one end of jute to prevent fraying when beading; any type of tape will work)

Makes (1) of the following projects:

**Garland** (one strand, approx. 36" long)

**Vase Decor** (two loops, each approx. 14" long)

**Napkin Rings** (four rings, each approx. 6" long)

# garland

1. Measure jute string to 40". Wrap tape around one end, then set aside.

2. With a new string of jute, still attached to the spool, wrap jute around your hand (20) times.

3. Cut jute from spool. Remove tassel loop from hand keeping jute secure in place. Keep cut end of jute oriented toward bottom of loop.

4. With a new string of jute, still attached to the spool, create loop as shown (in gray). (Diagram A)

5. Wrap jute tightly around tassel loop (7 - 10) times. (Diagram B)

6. Cut jute from spool, and thread new end through loop created in step 4/Diagram A. (Diagram C)

7. Pull bottom end as shown (in red) to tighten knot. (Diagram D)

8. Cut through loops at tassel bottom ONLY to create tasseled ends.

9. Repeat steps 2-8 to complete a second tassel.

10. With the taped end of the 40" length of jute, thread jute through all loops of one tassel top. Pull string through loop until non-taped end is 2" beyond loop. Tie a double knot to secure the non-taped end around tassel loop.

11. With taped end of jute, begin stringing beads starting with (1) large bead. Continue with preferred pattern of beads, leaving approximately 2" - 3" at the end of jute string.

12. Tie taped end of jute string to second tassel by stringing jute through all loops of second tassel top. Secure with a double knot.

## vase décor

**1.** Measure (2) pieces of jute string to 18" each. Wrap tape around one end of each string, then set aside.

**2.** With a new string of jute, still attached to the spool, wrap jute around your hand (15) times.

**3.** Cut jute from spool. Remove tassel loop from hand keeping jute secure in place. Keep cut end of jute oriented toward bottom of loop.

**4.** With a new string of jute, still attached to the spool, create loop as shown (in gray). (**Diagram A**)

**5.** Wrap jute tightly around tassel loop (7 - 10) times. (**Diagram B**)

**6.** Cut jute from spool, and thread new end through loop created in step 4/Diagram A. (**Diagram C**)

**7.** Pull bottom end as shown (in red) to tighten knot. (**Diagram D**)
